

2010 HELPER TRAINEE GRADUATION

Posted by Marek Brothers on December 14, 2010

We have completed training our second graduating class of OJT Helpers. Ten trainees graduated this year bringing our total number of graduates up to twenty two. We celebrated at Mamacitas Mexican Restaurant where we had our graduates and their coaches in attendance. Katrina Kersch was able to join us and we all had a good time. The graduates recieved their completion certificate, plaque and gift card. These trainees are now able to begin their journeyman training. We expect great things from this group.
