Architect

Ford

Powell

and Carson/Overland

General Contractor

Zachry

Marek was hired to help revitalize a San Antonio Landmark. The Briscoe Western Art Museum was a 58,000 sq ft remodel and renovation. The remodel included a two story pavilion, with classrooms, an art gallery, and meeting facilities. The restoration took it back to its days when it was originally the San Antonio Library in the 1930's and its Beaux-Arts style.
