

THE ALAMODOME

PROJECT OVERVIEW

Marek Location: San Antonio
Project Location: San Antonio, TX
Project Sector: Sports/Leisure
Architect: HOK Sport
General Contractor: Salazar

Owners Vision:

The Alamodome was designed to be a multi-purpose facility with its main focus to be the home of The San Antonio Spurs. Although the Spurs have moved to another location, the Alamodome is still used as the home of the UTSA football franchise, Valero Alamo Bowl, and used for many other entertainment purposes.

Project Scope:

The general contractor was Salazar for the interior package. Marek was subcontracted to handle the drywall and acoustical ceiling scopes. There was a lot of high work with critical scheduling and extreme safety requirements. Our team did a nice job and we are proud to
