

Adding MyMAREK to Your Home Screen

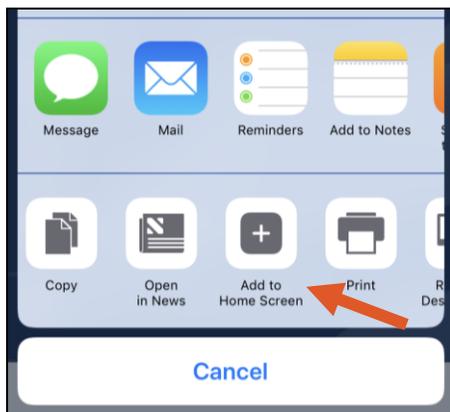

iPhone and iPads

To bookmark My MAREK like an app on your phone or tablet, follow these steps.

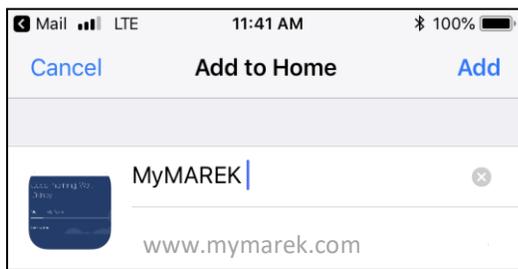

Navigate to www.mymarek.com and login. Then, using the internet controls at the bottom of the screen, click the middle “send” icon (a square with an arrow coming through the top.)

Scroll the bottom icons to the right until you find “Add to Home Screen” and select that icon.

Change the title to MyMAREK and click “add”.

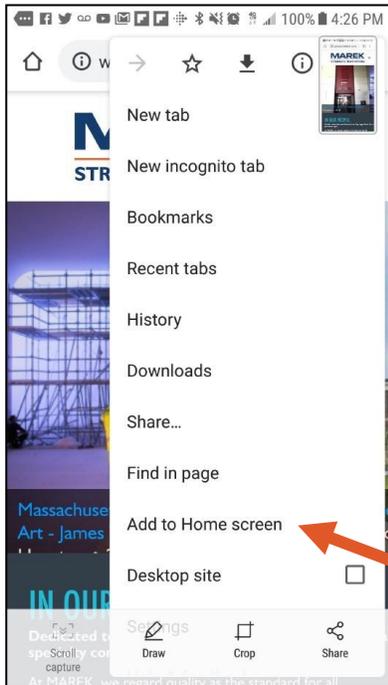

You should now see the MyMAREK link appear like an app on your phone or tablet.

Android

To bookmark My MAREK like an app on your Android, follow these steps.

Navigate to www.mymarek.com and login. Then, tap on the menu button on your phone. On the screen, a list of actions will appear. Select “Add to Home Screen”.

Type MyMAREK in the text field, and click “Add”. You should now find a direct link to MyMAREK on your home screen.
